Forecast for Thursday 09 Nov 2023

Weather: Remaining showery overnight, showers will turn to sleet on higher summits. During daylight hours it will be showery with bright or sunny spells in between, showers will be more frequent over western parts of Brecon Beacons. Windy at times which will push the showers through quite quickly, showers continuing during the evening, thundery showers may be more likely by late evening.

Chance of cloud-free hill tops above 600m: 80%, patchy low cloud in association with showers.

Low cloud and visibility: Scattered cloud above 600m likely at times mainly associated with showers. Cloud more likely to shroud western tops with areas to the east mostly remaining clear. Visibility will mainly be good but turning moderate in showers, on the summits visibility may become poor in any wintery showers for a time.
